HOW CAN YOU HELP?

1. ABOUT US

Solidarity - Acceptance - Caring - Ambition - Youth

Officially founded in 2022, SACAY Foundation is a Cameroonian non-profit organization that supports Women and Children in rural areas of Cameroon with the ambition to expand to other communities around Africa.

Our mission is to build a better tomorrow one gesture at a time through serving, sharing, loving and educating others.

Our primary focus is directed towards helping children reach their full potential by providing them with primary needs such as food, clothing, education, healthcare and housing.

Our motto is "Alone we can, Together we will!" because when we work together, we can accomplish anything.

2. OUR VALUES

SOLIDARITY

Our willingness to support each one, to stay united and to work together for a common goal is the foundation of our slogan: "Alone we can, Together we will!". we believe in the power of togetherness for a bigger and more impactful contribution.

ACCEPTANCE

Our decision to embrace diversity is at the core of our mission. We understand that we all have something valuable to offer because of our unique individual attributes. We celebrate and respect each other's differences for the wellbeing of our community.

CARING

Showing kindness and compassion to others is the expression of our love and our empathy. We are always available to help in all the ways we can: by volunteering our time, sharing resources, and educating and training others.

YOUTH

The future of our nation depends on our youth's ability to lead. Investing in them is a direct investment in the development of our communities.

AMBITION

Ambition is the source of our growth and progress. It is the drive to strive for excellence and the passion that fuels our creativity and productivity.

3. ABOUT THE CAMPAIGN

Our first Back to School campaign was organized in a primary school called CEBEC in Neboya, Nitoukou. Neboya is a Banen village located in the center region of Cameroon.

CEBEC primary school was founded in 1965 by the local catholic church. The school welcomes about 90 students, 03 teachers and a director each academic year. It is made up of three classrooms and one office room.

Over the years, the school has greatly deteriorated. Necessities such as electricity, drinking water, school supplies, basic furniture are nonexistent, which has made learning and teaching challenging.

3. ABOUT THE CAMPAIGN

The SACAY FOUNDATION's Back To School Campaign will contribute to the child's most fundamental right: the right to education. It will also facilitate a conducive learning environment which will result in a higher rate of literacy.

Primary education is the basis of education that develops the capacity to read, write and calculate. The ability to learn and perform these basic functions will help in the development of the region and could be the way out of poverty for some of the students' families.

The goal at SACAY FOUNDATION is to enable access to basic education to every child in the region.

4. THE CAMPAIGN GOALS

The primary goal of the Back to School Campaign was to provide students and the school with the necessary supplies for a successful academic year.

The supplies consisted of :

- School uniforms : for both girls and boys;
- School supplies for students : Books, notebooks, equipped pencil cases, backpacks;
- School supplies for the school : Books and office supplies.

The secondary goal of the campaign was to share a symbolic meal with the children.

5. THE CAMPAIGN RESULTS

Every student received a set of school uniform, notebooks, and a set of writing supplies (pens, pencils, erasers, sharpeners). In addition, every 5th grade student received a mathematical box .

The school received all the books required for each grade and each teacher received set of school supplies (Folder, notebook, chalk, pens etc..)

****Unfortunately, backpacks and books for every student could not be donated.***
